

SQUIRE JOHNSON

Web Developer

Provo , UT

Web developer focusing on javascript, using AngularJS, jQuery, HTML5, and CSS3 for front end. With Express, Node, and MongoDB for backend.

WORK EXPERIENCE

DEVMOUNTAIN

Mentor | Jun, 2015 – Current

Helped students with their assignments and projects, as well as created resources and tutorials on various javascript projects for the school.

- Custom Directive Tutorial - <https://github.com/squireaj/PRankings>

ROI SOLUTIONS

Team Lead | Nov, 2012 – Jan, 2014

Managed a team of 4 which contributed in \$400 Million in client spending for Visa, our customer. Contributed digital design for the team using Illustrator and Photoshop.

EDUCATION

DEVMOUNTAIN

Bootcamp - Angular | Apr, 2015 – Jun, 2015

Immersive Web Development focusing on HTML5, CSS3, JavaScript, jQuery, AngularJS, NodeJS, Express, React, Databases- Firebase & MongoDB, Git & Github.

BYU IDAHO

Associates Degree - Web Design and Development | Sep, 2008 – Sep, 2012

I took a lot of graphic design courses as well as art classes. I also took a C+ class as well as some intro to web classes.

PROJECTS

FASHIONPHILE

Developer | Jun, 2015 – Jun, 2015

With a dedicated iPad interface, in-store monitoring, and easy access to vital business metrics fashionphile is an in store queue system for

http://www.fashionphile.com/. Fashionphile was a DevMountain group project, we found a client and were paid for our work. My contribution was molding a third party drag and drop directive to our projects needs. I also helped with the front end design by pulling in a bootstrap carousel for the empty queue screen.

POWER RANKINGS

Developer | Aug, 2015 – Aug, 2015
Power Rankings is a custom directive tutorial built to help visual learners understand the working parts of a custom directive.

SQUIRE'S CLEANING & CARPETS

Developer | Jul, 2015 – Jul, 2015
I built this website for my dad's business for Father's Day.
